

STIK BF ADHESIVE TAPE

JUNCTION TAPE FOR BIFLOOR PANEL

■ TECHNICAL SPECIFICATION

Splicing tape 50 mm wide, supplied in rolls of 100 m to connect panels equipped with a spiral tube clinging fabric, Velcro type.

■ USE AND STORAGE

Ideal for joining two insulation panels equipped with clinging fabric, Velcro type. Provides 100% cling fabric coverage on panels for easy pipe attachment. The 100 ml roll is easy to handle on construction sites. Excellent mechanical performance that ensures strong fastening of both pipes and panels

■ TECHNICAL DATA

Thickness	0,60 mm
Length	100 m
Width	50 mm

Peel Adhesion	1 N/cm
Shear Strength	14 N/cm ²
Weight	195 g/m ²
